In this instance, language will be interpreted to include gestures).
- 2.10 Changing the condition of the ball in breach of Law 42.3 as read with Standard ICC Match and ICC One-Day Match Playing Conditions (this supplements and does not replace the provisions of the Laws of Cricket and Standard ICC Match and ICC One-Day Match Playing Conditions).

Notes

- 5.1 Where the facts of or the gravity or seriousness of the alleged incident are not adequately or clearly covered by any of the above offences, the person laying the charge may allege one of the following offences

(A) breach of Rule C1 – conduct contrary to the spirit of the game; or

(B) breach of Rule C2 - conduct that brings the game into disrepute

The person laying such a charge must specify the level of breach to accompany the charge: for example, “conduct contrary to the spirit of the game – Level 2” or “conduct that brings the game into disrepute – Level 1”.

- 5.2 In deciding penalty, the adjudicator is entitled to and should take into account the prior record of the person charged.
- 5.3 If damage has been caused to any property, the adjudicator may order compensation to the aggrieved party as part of the penalty.

- 5.4 In respect of penalties, a weighting has been applied so that each ICC Match is the equivalent of 2 ICC One-Day Matches. Penalties are to be applied in the form of matches (ICC Match or ICC One-Day matches) in which the Player is likely to play. If the Player usually plays only one or other form of the game, the adjudicator is to apply the ban for the form of the game played by the Player. Furthermore, the adjudicator shall as far as possible impose the ban so as to apply to the next match(es) in which the player is scheduled to play. The adjudicator is to specify the number of ICC Matches or ICC One-Day matches in respect of which the Player is banned.
- 5.5 Where there are separate incidents in the course of the match, the umpire should lay separate charges. If the adjudicator finds the person charged to be guilty of more than one offence, he/she should impose separate penalties in respect of each offence. Penalties in such cases are cumulative and not concurrent.
- 5.6 Plea bargaining is not permitted. It is open to the adjudicator to find a Player guilty of an offence in a level lower than that in which he/she is charged where the constituent elements of the lesser offence are the same. For example, if a Player is charged with serious dissent under clause CC2.2, it is open to the adjudicator to find the Player guilty under clause CC1.3 of dissent rather than serious dissent.
- 5.7 Nothing in this Code of Conduct alters the onus on the captain to ensure that the Spirit of the Game is adhered to, as stated and defined in the preamble to the Laws of Cricket.
- 5.8 The Player or Official reported shall be entitled to appeal against a finding and/or a penalty imposed in respect of Level 3 or Level 4 offences as provided in Section H8. Similarly, (save where he/she has laid the charge) the ICC Chief Executive or his nominee shall be entitled to appeal against a finding and/or penalty imposed in respect of Level 3 or Level 4 offences as provided in Section H. In determining the appropriate penalty (if any) on an appeal, it is open to the person hearing the appeal to increase or decrease the penalty. In addition, if in the opinion of the person hearing the appeal, the appeal lodged by the appellant is spurious or frivolous, the person hearing the appeal shall be entitled to determine that the costs of the appeal shall be paid by the appellant.

1. A Referee shall:
 - (a) be appointed by the ICC or ICC Regional Development Manager

 2. Any report lodged relating to an alleged breach of any of the Rules of Conduct other than Rules C3 & C4 shall be investigated and determined in accordance with the procedure set out in Section G below.
- G. The Disciplinary Procedure
1. For the purposes of this Section G it shall be understood that the Referee may not be physically present where the alleged breach occurred and that all references to a hearing shall also refer to a hearing by teleconference. A person shall be treated as present in person at a hearing notwithstanding that he is not physically present at the place where the hearing is held if he is in continuous communication with the meeting by conference telephone or other communication equipment permitting each person physically present at or so in communication with the hearing to hear and be heard by each other person.

2. As soon as reasonably practicable after notification under Section E, the Referee shall provide written particulars of the Rules of Conduct it is alleged have been breached (based on the particulars notified to him/her). The particulars, in addition to identifying which of the Rules of Conduct it is alleged have been breached, shall give a brief statement of how it is alleged they have been breached (also based on the particulars notified to him/her). If more than one breach is alleged, whether of the same or separate Rules of Conduct, each alleged breach must be individually identified.
3. The adjudicator shall investigate as soon as reasonably practicable and where the hearing (if applicable) falls under the jurisdiction of the Referee, unless exceptional circumstances apply, it shall be heard (where applicable), and in the format deemed necessary by the adjudicator, no later than one week after notification under Section E. Details of the format, time and place of the hearing shall be given no later than at the time when the written particulars referred to in Section G 2 are provided by the adjudicator.
4. For the purposes of Sections G 2 and G 3 the adjudicator must provide the written particulars and details of the time and place of the hearing to both the person charged and the person notified pursuant to Section E.
5. In fixing the time for the hearing the adjudicator shall have regard to the seriousness of the alleged breaches of the Rules of Conduct and the requirement for both himself and the person charged to be able to consider such evidence they may wish to be brought before the hearing and the time it will take to obtain such evidence given the requirement to have a hearing, in the absence of exceptional circumstances, within one week after notification in accordance with section G3.
6. Prior to the hearing, the person lodging the report leading to the charge and the person charged shall have provided certain information to each other and the adjudicator, namely:
 - (a) If the person lodging the report or any person charged, wishes to call any witness evidence at the hearing, that person shall let each of the others know the identity of such witnesses. Such witnesses do not include the person charged who shall be at liberty to give evidence in any event, or of whom the adjudicator may ask questions in any event.
 - (b) The person lodging the report and the person charged shall inform each other and the adjudicator if they intend to rely upon or refer to any video evidence during the hearing (where applicable).
7. If any person charged wishes to have a hearing earlier than would otherwise be permitted, given the requirements in Sections G2, G 3 and G 6, he/she may, at any time, ask the adjudicator to waive the requirements of Sections G 2 and/or G 3 and/or G 6, which application the adjudicator shall determine as a matter of his/her absolute discretion.
8. The adjudicator shall be entitled, on behalf of the person lodging the report or on behalf of the person charged, to require the attendance at the hearing of any person to whom this Code of Conduct applies, or any umpire, for the purposes of giving evidence. Failure on the part of any Player or Team Official to attend a hearing to give evidence when requested by the adjudicator to do so shall itself be liable, in the absence of exceptional circumstances, to be considered as a breach of Rule C 2 of the Rules of Conduct.

9. Subject to any express provision in this Code of Conduct, the conduct of the hearing shall be a matter to be determined by the adjudicator in his/her absolute discretion, provided that at all times the hearing is conducted in accordance with the principles of natural justice. Guidelines on the Principles of Natural Justice are annexed to this Code of Conduct.
10. In addition to the adjudicator the persons present (this may be via phone conference) at the hearing shall be:
 - (a) the person charged;
 - (b) the person who lodged the report with the Adjudicator (in the case of the ICC Chief Executive or his nominee, either the official himself/herself or his/her nominee);
 - (c) if the person charged is a Player, his/her team captain and team manager (or, if the player charged is the team captain, his/her team vice-captain and team manager);
 - (d) if the person charged is a Team Official, the relevant team captain and team manager (or, if the person charged is the team manager, his/her team captain and one other person nominated by the Team Official's Home Board).
11. None of the persons mentioned in Section G 10 shall be denied the right to be at the hearing or make representations to the adjudicator. However, if such a person fails to attend the hearing and the adjudicator has complied with the requirements of Sections G 2 - G 4 the hearing may, at the adjudicator's absolute discretion, proceed in the absence of any or all such persons.
12. Any other person may be allowed to be present at the hearing if given permission by the adjudicator, such permission to be a matter for the adjudicator's absolute discretion. Any such person may also, at the adjudicator's absolute discretion, be allowed to make representations on behalf of the person charged.
13. If the adjudicator decides to use video evidence (where applicable) to assist him/her in determining whether the person charged is in breach of the Rules of Conduct (whether at the request of the person lodging the report or the person charged), the adjudicator shall only be entitled to use such evidence in making his/her decision if he/she has considered the video evidence in the presence of the person charged, giving the person charged, or any person on his/her behalf, an opportunity to make such comments, if any, as they wish to make on the video pictures.
14. If the provisions of Section G 6 have not been complied with (save where waived in accordance with Section G 7) by any person other than the adjudicator, it shall be a matter in the adjudicator's discretion whether or not to allow any further evidence (namely evidence not identified in accordance with Section G 6) to be brought before the hearing.
15. The adjudicator shall be entitled to adjourn the hearing if he/she considers, in his/her absolute discretion, whether pursuant to an application by or on behalf of the person charged, that further evidence ought to be obtained, that further time is needed to consider the evidence in advance of the hearing or for any other reason he/she thinks it appropriate. The person charged and the person lodging the report should be informed of the reason for the adjournment.
16. At the hearing of the alleged breach of the Rules of Conduct the person charged and the person lodging the report shall be entitled to cross examine any witnesses called.

17. The adjudicator is entitled, if in his/her absolute discretion it is required, to seek legal advice prior to or during any hearing (for which purpose the adjudicator is entitled to adjourn the hearing) and/or prior to giving his/her decision.

ICC Code of Conduct for Players and Team Officials

Guidelines for Offences

Preface

The schedule of offences contained in the ICC Code of Conduct has been drafted in clear and plain English. These guidelines are intended as an illustrative guide only and in the case of any doubt as to the interpretation of the Code, the provisions of the Code itself shall take precedence over the provisions of the guidelines.

The guidelines should not be read as an exhaustive list of offences or prohibited conduct.

<i>Level 1</i>		Guidelines
1.1	Breach of Logo Policy save for breaches relating to a commercial logo or player's bat logo	This offence relates to breaches of the regulations regarding national logos i.e. logos of the country or Board and manufacturers' logos.
		The umpire shall first require the offending person to remove or cover up the illegal logos and if this warning is ignored at any time during that match or any subsequent match in the series the player should be reported.
1.2	Abuse of cricket equipment or clothing, ground equipment or fixtures and fittings.	Includes actions outside the course of normal cricket actions such as hitting or kicking the wickets and actions which intentionally or negligently result in damage to the advertising boards, boundary fences, dressing room doors, mirrors, windows and other fixtures and fittings.
1.3	Showing dissent at an umpires decision by action or verbal abuse	Includes excessive, obvious disappointment with an umpire's decision or with an umpire making the decision.
1.4	Using language that is obscene, offensive or insulting and/or the making of an obscene gesture.	This includes swearing and obscene gestures which are not directed at another person such as swearing in frustration at one's own poor play or fortune.
		This offence is not intended to penalise trivial behaviour. The

		extent to which such behaviour is likely to give offence shall be taken into account when assessing the seriousness of the breach.
1.5	Excessive appealing	Excessive shall mean repeated appealing when the bowler/fielder knows the batsman is not out with the intention of placing the umpire under pressure. It is not intended to prevent loud or enthusiastic appealing. However, the practice of celebrating a dismissal before the decision has been given may also constitute excessive appealing.
1.6	Pointing or gesturing towards the pavilion in an aggressive manner by a bowler or other member of the fielding side upon the dismissal of a batsman.	Self explanatory.
1.7	Public criticism of, or inappropriate comment on a match related incident or match official.	Without limitation, players and team officials will breach this rule if they publicly criticise the match officials or denigrate a player or team against which they have played in relation to incidents which occurred in a match. When assessing the seriousness of the breach, the context within which the comments have been made and the gravity of the offending comments must be taken into account.
	Level 2	
2.1	Repeat of any Level 1 offence within 12 months of such offence.	
2.2	Showing serious dissent at an umpire's decision by action or verbal abuse.	Dissent should be classified as serious where the dissent is expressed by a specific action such as the shaking of the head, snatching cap from umpire, pointing at pad or inside edge, other displays of anger or abusive language directed at the umpire or excessive delay in resuming play or leaving the wicket.
2.3	Breach of Logo Policy relating to a commercial logo or a player's bat logo.	This offence relates to breaches of the regulations pertaining to commercial logos and player's bat logos.

Without limitation, players and team officials will breach this rule if they publicly criticise the match officials or denigrate a player or team against which they have played in relation to incidents which occurred in a match. 2.9	Using language that is obscene, offensive or of a generally insulting nature to another Player, umpire, Referee, Team Official or spectator. (It is acknowledged that there will be verbal exchanges between Players in the course of play. In exercising his/her judgement as to whether the behaviour has fallen below an acceptable standard, the umpire seeking to lay a charge shall be required to take into account the context of the particular situation and whether the words or gesture are likely to:</p> <ul style="list-style-type: none"> be regarded as obscene; or give offence; or insult another person. <p>This offence is not intended to penalise trivial behaviour.
